Official Product Request Form

Dear Store Manager,

I would like to request that your store carry MyLife Bio's products. MyLife is the first-mover in the dairy-free simulant space in Australia and makes products that are 100% dairy free, allergen free, gluten free, soya free and GMO free. Voted CHOICE's favourite vegan cheeses, I know that there would be demand for them in your store.

Please contact their national distributor, Royal Foods, for more information on the products and how you can order some. Please see product request details on the following page.
